

PIPE CUTTERS & REAMERS

PTEC PLASTIC DRAIN PIPE CUTTERS

SKU:RID41608 & RID40868

The RIDGID® PTEC Cutter is the first cutter of its kind that provides the hassle-free ability to execute a clean, fast, and straight cut on thin-wall plastic tube. This versatile cutter can be used on polyethylene (PE), polypropylene (PP), and thin-wall PVC tubes.

- Clean, Automatic Deburring – The cut produced by this cutter results in only a fine strand of plastic, as opposed to the fuzz created around the cut of a hacksaw. No need for a second tool to deburr, this cutter automatically deburrs in parallel to cutting action.
- Automatic Beveling – Allows for immediate, easy joining to other sink drain pieces.
- Open Bore Design – Allows cutting of double-flanged plastic drain pipe.
- RID41608 PTEC 3000 – Single-flanged 1 1/4" or Double-flanged 1 1/2".
- RID40868 PTEC 5000 – Double-flanged 50mm.
